

## Recloseable Slider Zipper Bags

- Easy to open and close
- Secure positive close each and every time
- 3mil thickness
- Protects product from dust and dirt
- Full view storage
- Compliant for food contact

Our clear slider zipper bags provide an efficient and reliable means to open and close the bag. They are highly reliable and easy to use; a most convenient way to close or open the bag.

Made from a blend of 100% virgin low and linear low-density polyethylene. These feature a side weld construction. All bag openings are approximately 1.75" smaller than bag width to accommodate the slider closure
